

we
invite
you
to
look
closer

find
her
collection
of
souvenirs

each
has
its
own
permanent
space
here

creating
something
familiar

we
invite
you
to
look
closer

seems like
letters
have been
left behind
only to
cast a
shadow...

there
they are
at the very
end,
clothed in
darkness

and
here's
the
entrance

are there
any letters
waiting
for you?

take a
closer look.
