

The image features a dark teal background with a light yellow grid. The text 'THE ART STUDIO' is arranged in two rows. The top row contains the letters 'T', 'H', 'E', 'A', 'R', 'T' from left to right. The bottom row contains the letters 'S', 't', 'U', 'D', 'I', 'O' from left to right. Each letter is cut out from a different piece of paper or cardstock with various colors and textures, including black, gold, white, brown, and green. The letters are slightly tilted and overlap, creating a layered, artistic effect.

Shared Work Space

This is my parents' office. Both of them have full-time IT jobs and partially work from home.

They have the exact same desks and bookshelves, but their own way of decorating or organizing it.

At their desk they also spend time enjoying their own hobbies, with some of it still scattered around.
